If you have 2 or more heating sources, which do you use the most?						
Electric	Gas	Wood	Space Heaters	Other		
*See the point on Heating Sources on the back of this application under <b>Am I Eligible to Apply?</b>						
<i>Rev. 6/01/2016</i>						

## Am I Eligible to Apply?

To be eligible, your home must meet these requirements:

1. Your home is in the Cleveland Community Development Block Grant boundaries. (Our office can assist you in determining this qualification.)
2. Your home is 20-years old or older.
3. The major appliances of your home are all electric. If your home has more than one heating system, electric must be the primary one you use.

## What to Bring When I Apply?

### Homeowners:

#### 1. Verification of Income

We will need one of the following documents for each person who lives in your home that earns an income, and is age 18 or older:

- \* Paystubs from the previous month
- \* A letter from the Social Security or Disability Office
- \* Profit and Loss Statement (past 6 months)
- \* Other forms of income such as Child Support of Alimony

*Note: Your income level does NOT affect your eligibility for the project. We ask for this information because sometimes homes require repairs before we can start making energy improvements. This information will help us find options for those repairs to be made so that we can start work.*

#### 2. Verification of Homeownership

Please bring one of the following documents:

- \* Warranty Deed
- \* 99 Year Leasehold
- \* Life Estate
- \* Mortgage Statement
- \* Property Tax Statement

#### 3. Photo-Identification

Please bring a valid photo-identification that we may make a copy of.

### Renters (different application required):

#### 1. Lease Agreement

#### 2. Signed Provision of Services Agreement between our team and your Landlord

*Note: Renters do not need to provide income information, because landlords are responsible for any repairs that will be necessary for work to start. Also, it is best if your landlord can apply with you, so we can explain the terms of the agreement. If that's not possible, they can give us a call at 423-472-9876.*

## How does this work?

### Apply

Turn in a completed application and accompanying documents (see *What to bring when I apply*) to Impact Cleveland's office, located at 1075 Blythe Ave SE, Suite 2. Impact Cleveland accepts applications between 1pm and 5pm Mondays through Thursdays. If you need to setup an alternative time, you may call the office at 423-472-9876.

### PreScreen

Once your application is processed, someone from our team will call you to schedule a PreScreen. A PreScreen is how we determine whether or not your home qualifies for the project. An energy advisor will evaluate the overall energy consumption of your home, including, but not limited to, your heating & cooling equipment, duct systems, lighting, and insulation levels.

### Extreme Energy Makeover

If you pass the PreScreen, we will notify you, and begin working out the details to begin work on your home.
